

# NZ Safety Alert

9 April 2020

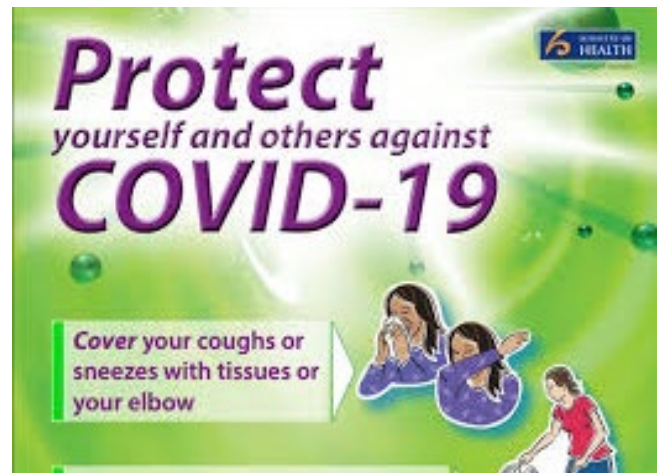

Let's work together to keep ourselves and our workers safe

## COVID-19 Management Plans

For those of us considered an Essential Business under the Government's COVID-19 guidance, it is important that we have processes in place to protect our workers and others from exposure and the spread of coronavirus.

For operations that are deemed essential services, WorkSafe are requesting that they submit a COVID-19 Management Plan to ensure the health and safety of their workers during this time. A copy of their assessment tool is available [here](#).

We are available to help – contact [wayne@minex.org.nz](mailto:wayne@minex.org.nz) if you would just like a chat. Now is a time for looking after ourselves and each other.

### You need to ensure that:

1. You have a COVID-19 Management Plan (CMP) in place if you are operating as an essential service.
2. Your CMP covers all of the issues listed in WorkSafe's assessment [tool](#).
3. You contact MinEx if you require assistance in preparation of your CMP.

Contact MinEx if you need any assistance or please refer to the Government website:
