

# NZ Safety Alert

24 April 2020

Let's work together to keep ourselves and our workers safe

## COVID-19 Health Questionnaire

Last week we released a COVID-19 Management Plan [template](#) which included a Daily Health Questionnaire.

Tracy Scurr from Geoff Scurr Contracting found this very helpful and set up the questionnaire as a mobile form so that it can be completed daily on a workers' mobile phone and sent to Tracy.

This is an excellent initiative for any site, particularly those with workers or contractors working remotely. If you are interested in this, contact [Tracy](#) and she will help you to set this up.

We are available to help, contact [wayne@minex.org.nz](mailto:wayne@minex.org.nz) if you would just like a chat. Now is a time for looking after ourselves and each other.

The screenshot shows a mobile form titled "I have read the above statement". It includes the following fields and options:

- Today's Date \***: 2020-04-20 08:57
- Contact Details \***: (with a search icon)
- Location \***: Location not supported. Fill in manually. (with an Update icon)
- Are you over the age of 70? \***: YES (selected) / NO
- Do you have a medical condition associated with your respiratory system (eg. asthma)? \***: YES (selected) / NO
- Are you receiving treatment for cancer or a blood condition? \***: YES (selected) / NO

Contact Tracey at Geoff Scurr Contracting – [tracey@gscl.co.nz](mailto:tracey@gscl.co.nz) if you are interested in using the phone app questionnaire.

### You need to ensure that:

1. You have a COVID Management Plan (CMP) in place if you are operating as an essential service or in Level 3 restrictions.
2. Your CMP covers all of the issues listed in WorkSafe's assessment tool available on the MinEx [website](#).

Know of an incident or near miss? Please share the learnings with us.
