

MinEx Newsletter December 2021

A Christmas message from MinEx

As a very challenging year comes to a close and we wind down into a well-earned Christmas break, we would like to thank you for your support this year.

I trust that through our workshops/forums/visits, train brain newsletters, safety alerts, emails and phone calls, MinEx has been able to help you navigate the difficulties of Covid-19, and most importantly helped you finish your year, having kept you, your workmates and staff safe throughout 2021.

Health & Safety update 2022

In 2022, we're on the road again – bringing MinEx workshops to regional centres around New Zealand. We will again have WorkSafe supporting these one-day workshops which offer 8 hours unrestricted CPD.

In the New Year, we will be changing from our current app to the Eventbrite ticketing platform to make it easier for you to register, get information, receive handouts, log your key learnings etc.

Look out for the February Train Brain for more details. In the meantime, mark the date(s) that interest you in your diary.
